

Family Tree Maker® 2019

World's Favourite Family History Software

It's been thirty years since Family Tree Maker was born. So it's only fitting that we introduced a new edition that takes this grand old brand to places its original creators could only have dreamed about. Here's just a small part of the new world of Family Tree Maker.

Mac and Win both on one DVD.

Key product features

- Quickly and easily build your family tree
- Add life events, photos, and stories
- Import and export **GEDCOM** files with ease
- Sync your tree with an online one at **Ancestry.com**
- Enter what you know and follow green leaf "hints"
- Track your family's migration paths with Map View
- Create and print family books, charts, and reports
- Open any Family Tree Maker file ever made
- Start with a free 14-day subscription to Ancestry.com

New in FTM 2019

Turn Back Time®. Made a mistake three days ago but your last full backup is three weeks old? Simply roll back to just before the mistake was made with a single click. Then use the comprehensive Change Log to restore the moves you meant to make. Problem solved.

More FamilySearch Integration. Download an entire branch from a FamilySearch tree into FTM 2019 and get your hints linked to more than SIX BILLION online FamilySearch historical records. A unique new source of records for Family Tree Maker users — for free.

Hints in the Index. Ancestry and FamilySearch hints now appear in the people index, so you can check for hints for a particular family name or for any saved list.

Smart Filters. Create people lists that are updated automatically when people are added to your tree that meet the criteria for the list's filter.

Tree Browser. Search a family name and find all related trees wherever they are – on Ancestry, on your hard drive, or up in the clouds – with everything you need to know at your fingertips.

TreeVault® Cloud Services. With TreeVault, Family Tree Maker is no longer an isolated desktop application, but rather the hub of a growing ecosystem of mobile apps and cloud services. View changes in your FTM tree in realtime on your smartphone or tablet. Know what the weather was like the day your grandfather was born. Sleep better knowing that an up to date copy of your tree is securely tucked away in the cloud, that someday will be passed on to the next generation for you.

TreeVault Cloud Services
